

# Footsteps journey on

The footwear donated for the displays in the Cathedral and Morpeth is travelling on in different directions.

The beautiful baby booties for premature babies will find their way to a premature baby unit in Newcastle hospitals.

The children's and adult shoes and wellies are finding new owners through Cornerstone, a charity shop in Benwell set up by the church.

Cornerstone is open to the community and also works with WERS (West End Refugee Service) to provide useable second-hand clothing and shoes for those in need.
